

# EMERGENCY RESPONSE

## Rental Equipment & Services

*Make it happen.*

# Who is Tiger Rentals?

## OUR CORE SERVICES

Tiger Rentals is a leading international provider of offshore oilfield rental equipment and services (Tiger Offshore Rentals), onshore rental equipment and services to the E&P, midstream, and petrochemical sectors (Tiger Industrial Rentals), and energy-related safety rental equipment and services (Tiger Safety Rentals).

## CONSOLIDATED EQUIPMENT & SERVICES

Although our core services are focused on the energy industry, in times of trouble, Tiger provides emergency response equipment and services to help prepare for impending storms or to assist with consolidated services and equipment.

Responsiveness, reliability and determination, combined with our unrivaled experience, have made Tiger a trusted name in providing turn-key solutions to recover from any disaster. Our team of experts have worked on every major hurricane that has hit the Gulf Coast in the past 10+ years. In addition, we have provided equipment and services to address fires, explosions, chemical spills and more.

With Tiger, you get 24/7 connectivity and a team that will do whatever it takes to get equipment to you. Our “make it happen” team of professionals will work tirelessly to provide consolidated services to affected businesses during crisis situations.

# Base Camps

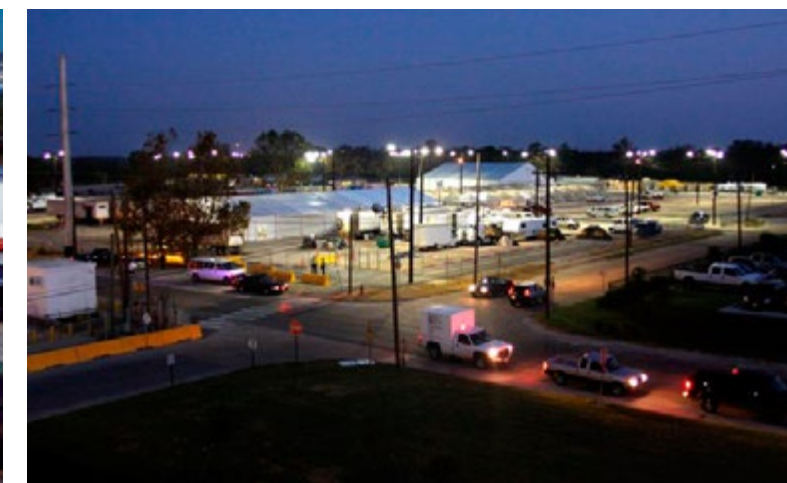

**Consolidated services and equipment for emergency response shelters and operations.** We provide housing and facilities to support as few as 200 or as many as several thousand people for base camp operations.

## Turn-Key Service

**Get everything you need from one source.**

You have enough on your mind just dealing with the effects of a crisis. Tiger does it all so you can focus on your operations.

- Total Base Camp Management
- Tents & Living Quarters
- Dining Halls
- Entertainment Centers
- Medical Triage Units
- Portable Office Trailers
- Mobile Command Centers
- Power Generation
- Light Towers
- Air Conditioning and Heating
- Full Service Catering
- Refrigerated Storage Containers
- Shower or Bathroom Trailers
- Laundry Facilities
- Hand-Wash Stations
- Sewage Management Equipment
- 200 - 20,000 Gallons Fuel Storage Tanks
- Up - 22,000 Gallons Sewer Storage Tanks
- Waste Equipment
- Emergency Fuel Delivery and Storage
- Emergency Road Replacement/Temporary Roads
- Heavy Iron - Excavators, Forklift, Manlift

## Power Generation

We provide cost-effective and reliable generators ranging from 25kVA diesel to multiple MW generators, fuel tanks, transformers, light towers & containment berms to implement your emergency plan.

## FUEL SOLUTIONS

Fuel supply and storage is mission critical. Tiger offers many fuel solutions for supply and storage up to 500 to 21,000 gallons.

## TRANSPORTATION

**Tiger can move anything anywhere.**

Since we provide equipment to offshore facilities, we specialize in moving abnormal cargo in unusual conditions with strict time constraints. We can truck your cargo as far as the road goes then sling load it using a helicopter or expedite on a supply vessel. Delivery options include Barges, Marine Transport & Supplies, Remote Supply Deliveries or Trucking.

## Food & Water FOOD SERVICES

Tiger can provide food services for a few hundred or a few thousand, including:

- Cold Storage & Reefer Units
- Hot Food or Box Lunches
- Potable Water
- Tents, Chairs & Tables
- HVAC, Generators & Lighting
- Waste Disposal

## POTABLE WATER SOLUTIONS

Tiger can handle water delivery and storage almost anywhere and we can pump water to where it's needed such as - kitchens, laundry facilities, hand-wash stations and includes:

- Pumps & Holding Tanks
- Distribution Manifolds
- Gray & Black Water Disposal

## Guaranteed Assets

After a hurricane, companies and governments begin the race to secure equipment. By that time, there are no assets to rent. If there are, the price is more than doubled due to "demand".

With Tiger's **Guaranteed Asset Program**, we can assure that the assets you need will be reserved and ready when you want them.

With our **Guaranteed Asset Program**, we will help you create a customized plan for consolidated assets and services. Our team of experts can develop plans for power outages, flooding or base camp operations that can support as few as 200 or as many as several thousand people.

If you are not involved in our **Guaranteed Asset Program**, we are still available to provide services depending on availability and first come first serve basis.

## Mobile Base Camps

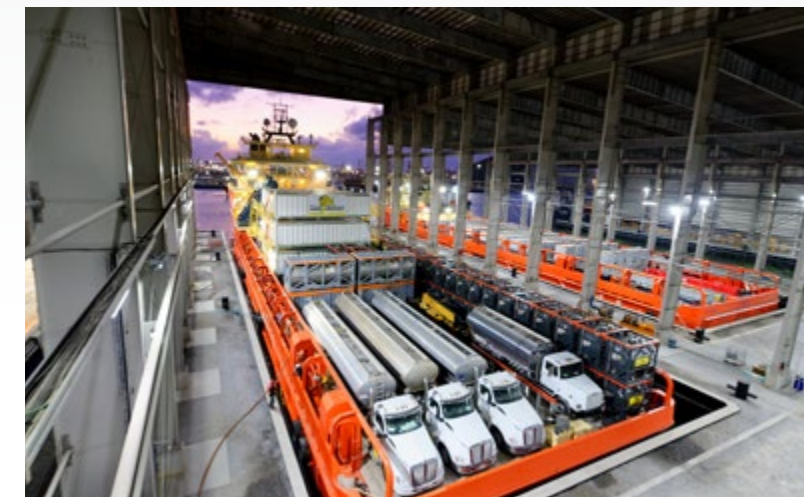

Tiger provides mobile base camp solutions for personnel after a major hurricane. Our team of experts can expedite supply vessels loaded with power generation and restoration assets such as generators, tanks, light plants, fuel trucks, ECOMats, containers and more. Once the equipment is unloaded for use at the effected location, the vessels are used as a "mobile housing facility" off the port of a given location.

Items that can be provided for the mobile base camp are:

- PSV - Supply Vessel
- Sleeping Quarter for 100+ personnel
- Cook & Galley Hands
- Groceries & Water
- Showers
- Generators
- Fuel
- Refrigerated Containers
- Dry Goods Containers

## Storm Alerts

During your contingency planning, sign up for Tiger's Storm Alerts. We are constantly monitoring activity in the Atlantic to help you get prepared for potential hurricanes. You can find a link on our website under "Storm Resources" to sign up and stay informed.

# ECOmats

The much safer, much tougher synthetic mat. ECOMats™ were designed to provide temporary stability and improvement of ground conditions for upstream, midstream, downstream and construction projects.

Built with a segmented [non-hollow core], the synthetic ECOMat™ addresses structural needs and dramatically improves project foundations. Environmentally driven, it decreases chemical transference, improves safety traction and reduces the need to cut trees for temporary matting.

### SPECIFICATIONS:

- 8' X 16' - 3 ply mat with steel runners
- 128 sq. ft. of coverage per mat
- [2] recessed D-rings
- Weight: 3,000 lbs

ECOMat™ are a great solution for base camp operations.

- With rainy conditions, they help to prevent mud from getting into tents and buildings.
- They are a great solution for temporary roads, sidewalks and foundations.

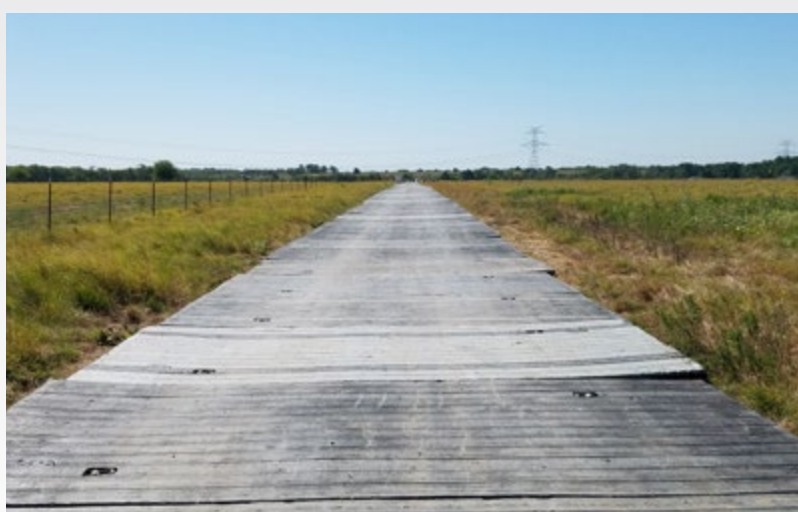

## Waste Options

### SOLID WASTE SERVICES

Tiger can provide bulk waste disposal services for different federal and state agencies including FEMA and the US Military.

### LIQUID WASTE

Tiger provides 21,000 gallon portable liquid waste storage trailers that can store sewer or other non-potable waste liquids. These units are perfect for gray/black water storage in areas where sewer taps are not available.

## Pumping Solutions

Tiger has the ability to offer a broad range of pumping solutions in the aftermath of a storm. Whether you need de-watering or your water supply is down, Tiger has the pump you need. Our pumps are used in a variety of applications for energy, industrial, construction and emergency response industries.

### EXPERIENCED & TESTED

Our team of experts have a solid history of solving the most challenging pumping projects under the most extreme circumstances. Tiger has a vast fleet of pumps ready to deploy at any given moment. From large self priming pumps from 60 to 600 horsepower pumps, we have the right equipment and accessories to help you move water and liquids quick and efficiently.

# Tiger has everything you need during a disaster.

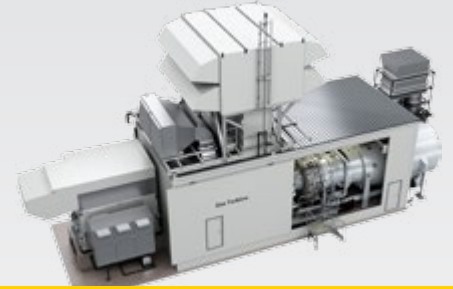

Whether you are planning ahead or cleaning up in the aftermath, Tiger has what you need to survive any disaster. Give us a call and we'll help you get consolidated equipment right away.
