BLAST RESISTANT BUILDINGS

Make it happen.
Tiger Industrial is a leading provider of rental equipment and services to the upstream, midstream, and downstream energy, chemical, and processing sectors of the industry. We have multiple locations in the US that offer a full range of high-quality equipment for pumping, cleaning, shelter, flooring, and power generation. Our fleet includes blast resistant buildings, heavy duty pumps, portable generators, pressure washers, lighting, and ECOmat™ flooring solutions.

Tiger rents Blast Resistant Buildings (BRB) to provide protection from flames and smoke created by fires, excessive noise, and the blunt force of projectiles that structures may be subjected to as result of explosions or extreme weather. Tiger’s buildings can be customized to meet your specific needs. Whether you are looking for an office space, safety command center, decon unit, tool room, multi-bathroom building, Tiger will ensure your blast resistant building is designed to meet your exact specifications.

THE TIGER ADVANTAGE

SAFETY:
- Designed for occupant safety
- Designed to VCE duration requirements
- Design review performed by Qualified Blast Design Engineers

QUALITY:
- Documented welding procedures
- Material traceability
- 3rd party QC inspection reports

DELIVERY:
- Fleet capacity to meet large project schedules
- Rapid deployment
- International logistics experience
- Capabilities to deliver all sizes with either flatbed and rollback

SERVICE:
- 24-hour “on call” customer service
- Staff service technicians
- Service centers

Tiger Industrial can customize any building to provide your company with a permanent application, including:

- Duplex
- Triplex
- Cool Down Buildings
- Bathroom Units
- Men’s Multi-Bathroom
- Women’s Multi-Bathroom
- Single Bathroom
- Shower Trailers
- Locker Rooms
- Bathroom & Kitchenettes
- Decon Units
- Tool Rooms
- Offices Units
- Guard Shacks
- Secure Storage Areas
- Bunkhouses
- Safety Compound
- Living Quarters
- Laundry Units
- Medical Facilities
- Pharmacies
- Outage Housing
- Hurricane Shelters

COMPANY OVERVIEW

TYPES OF BUILDINGS

STANDARD PRODUCT LINES:
6.3 PSI - 8’ x 40’ and 8’ x 20’
8.0 PSI - 12’ x 40’
10.0 PSI - 12’ x 40’

Tiger Industrial can customize any building to provide your company with a permanent application, including:

- Duplex
- Triplex
- Cool Down Buildings
- Bathroom Units
- Men’s Multi-Bathroom
- Women’s Multi-Bathroom
- Single Bathroom
- Shower Trailers

ENGINEERING & CONSTRUCTION

ENGINEERING

THIRD PARTY DESIGN & REVIEW:
Our BRB’s are engineered for safety. The world leader in Blast Resistant Design, Baker Risk, has worked closely with our engineers to exceed the industry standards for blast resistant structures. This assures you that our buildings meet or exceed in the protection of your most valuable assets: your people.

The materials and construction are meticulously inspected by Bureau Veritas to ensure that all materials and workmanship meet or exceed the standards that were set by Baker Risk. Our high standards ensure that the building you get today is not made obsolete by more stringent standard tomorrow.

For instance, our 8 psi building is rated as such at 200 milliseconds (ms) which would be similar to the blast duration of a Vapor Cloud Explosion (VCE). Insist on a 150ms minimum rating for the safety of your people and your peace of mind.

COATINGS PROCESS & FACILITIES

COATINGS PROCESS:
Preheat as needed (Infrared Heat)
Steel grit blast (SP6-near white metal)
2 part coating system
- High build epoxy primer
- High solids urethane top coat
- 5-7 mils DFT
Custom coating available
- Customer specs
- High corrosion resistant coatings

COATINGS FACILITIES:
All coating and prep is conducted indoors in a temperature controlled environment (Total of 78,000 Sq. Ft.)

MANUFACTURING

FACILITY - LIBERTY, TX

PRODUCTION CAPACITY:
Product manufacturing capacity is allocated to different geographic locations based on sales and delivery requirements. 170,000 Sq. Ft. of shop capacity is dedicated to Blast Resistant Module production

BUREAU VERITAS

Bureau Veritas is an international organization committed to process efficiency and transparency, product and system safety.

In a vast number of areas, they are accredited to verify and give official acknowledgment (with a certificate) that a system, product, person or asset complies with a specified requirement for which certification is demanded.

BV Certification of our Blast Resistant Buildings includes on-site audits, standardized testing and inspections to ensure the highest levels of quality and the peace of mind of having a third party review of construction.

BLAST-RESISTANT WINDOWS

Blast-resistant windows are a key factor in mitigating unnecessary injuries in the event of an explosion or severe weather.

For every day use, blast-resistant windows provide natural light which can improve your health, attitude and mind-set resulting in a more productive workplace.

With Tiger, you get protection, productivity and reliability. Put YOUR safety first with Tiger Industrial’s blast resistant buildings!

Tiger has a wide range of accessories. Pictures shown here are just a few examples for you to choose from.

**TYPES OF ACCESSORIES**

All buildings are furnished with fire extinguishers and have 24 Hour Technical Support and Services.

- Cubicles
- Anchored Desks
- Chairs
- Conference Table
- 6' White Folding Tables
- Plastic Folding Chairs
- 32" TV/DVD package
- Exterior Surge Protection
- Interior Power Strip/ Surge Protection
- Cork Boards
- Dry Erase Boards
- Kitchenette
- 4.5 Cubic Lockable Refrigerator
- Microwaves
- Large Tub Sink
- Heavy Duty Industrial Shelving Units
- Lockers
- Showers
- Base board Heaters
- KVA Generators
- Door Cameras
- Cellular Repeaters
- Class 1 Div 2 A/C for 8’ x 40’ and 8’ x 20’
- 24/7 Technical Support and Service
- 5 Minute Packs
- LEL Detection
- H2S Detection
- 480 V Transformers

<tr>
<td>Max Height</td>
<td>32’</td>
</tr>
<tr>
<td>Weight</td>
<td>1,644 LBS</td>
</tr>
<tr>
<td>Fuel Cap</td>
<td>30 GAL</td>
</tr>
<tr>
<td>Run Time</td>
<td>48 HRS</td>
</tr>
<tr>
<td>Lumen</td>
<td>440,000</td>
</tr>
<tr>
<td>Ball Hitch</td>
<td>2”</td>
</tr>
<tr>
<td>Light Coverage</td>
<td>5-7 ACRES</td>
</tr>
<tr>
<td>Sound Level</td>
<td>66 DB</td>
</tr>
</tbody>
</table>

### 528 GALLON DOUBLE WALL FUEL TANK

#### SPECIFICATIONS

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>L x W x H</td>
<td>87” x 46” x 52”</td>
</tr>
<tr>
<td>Secondary Containment</td>
<td>110%</td>
</tr>
<tr>
<td>Internal Baffles</td>
<td>Yes</td>
</tr>
<tr>
<td>Weight Empty / Full</td>
<td>1,825 LBS / 5,574 LBS</td>
</tr>
<tr>
<td>Secure Hose Access</td>
<td>Yes</td>
</tr>
<tr>
<td>Full Load Lifting Eyes</td>
<td>Yes</td>
</tr>
<tr>
<td>Tie Down Points</td>
<td>Yes</td>
</tr>
<tr>
<td>Direct To Machinery Fuel Ports</td>
<td>Yes</td>
</tr>
</tbody>
</table>

#### Optional Accessories

<table>
<thead>
<tr>
<th>Accessory</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tandem Trailer</td>
<td>16’</td>
</tr>
<tr>
<td>Fuel Pump</td>
<td>110V</td>
</tr>
<tr>
<td>Fuel Pump &amp; Solar Panel</td>
<td>12V</td>
</tr>
</tbody>
